

EDELBROCK TORRANCE FACILITY TOUR

WEDNESDAY, APRIL 22, 2020

Edelbrock was founded in 1938 by Vic Edelbrock, Sr., and has designed, manufactured and distributed its core products in the USA. The company is a leader and respected name in the automotive performance industry. The Torrance facility includes R & D, manufacturing, state of the art testing facilities, advertising and tech support.

Come join us for a free, escorted tour of this great facility. Because Edelbrock does not conduct tours on the weekend, we will be conducting this event mid-week.

We will be leaving Galpin Auto Sports at 9:00 a.m. The tour will start at 10:30 a.m.

After the tour, lunch will be held at a South Bay restaurant.
