

## SEE A SLICE OF THE PAST AT THE SOUTHERN CALIFORNIA RAILWAY MUSEUM

Saturday, October 22, 2022 – it is time to take another fall poker run. Come and take a cruise to explore the West's largest collection of railway locomotives, passenger and freight cars, streetcars, interurban electric cars, trolleys and other artifacts dating back to the 1870s. You can ride streetcars and trains on the Museum railway. See the Museum's collection of 200 streetcars and railway vehicles to experience the early days of electric, steam and diesel railway transportation from in and around the Los Angeles area.

The Museum is located in Perris, California. Lunch will be at a nearby restaurant. It should be a full day of fun and education about our past.
